WE WON'T BE FOOLED AGAIN!

“Fool me once, shame on you, fool me twice shame on me – Canadians will not be fooled again” explained Jurij Klufas, Conservative candidate for Parkdale-High Park. “A government that continues to lie, to base its strength on fear mongering clearly shows Canadians they are not concerned with the moral values and welfare of this country. Many residents in Parkdale-High Park fled countries that were governed by fear and they will not let themselves be manipulated again. This country’s history is based on truth and cooperation. Shame on the Liberals for this obvious campaign of desperation. The Conservatives will continue to inform Canadians about the issues that are important to them – caring for our children and the elderly, keeping the streets safe and above all bringing honesty back into government.”
