Stand up for Parkdale - High Park.

Press Release

January 15, 2006

For Immediate Release

WE NEED AN ETHICAL ETHICS COMMISSIONER!

The Conservative Party is committed in bringing back integrity to the civil servants who are elected to represent the people in their constituents. “You cannot have MPs judging themselves, policing themselves nor using their position for personal gain” stated Jurij Klufas, Conservative Candidate for Parkdale-High Park, “This is un-Canadian”.

A Conservative government would establish a non partisan Ethics Commissioner who does not report to the Prime Minister. It would also have the authority to fine violators but most important, it will allow citizens to have an ‘ombudsman’ voice if their MP is suspect. “We want to ensure that MPs become more accountable to their real boss – the constituents. We want to ensure the scandals that have existed and continue to plague the Liberals never ever happen again”, confirmed Mr. Klufas, “We have suffered 12 years of Liberals watching Liberals – it’s like the Board of Directors of a charitable organization looking at one another. What kind of accountability is that? It’s Liberal accountability that will not be tolerated any longer by the people of Canada. A Conservative government, with an *ethical* Ethics Commissioner, will see that transparency and honesty in politics is once again in our Canadian values”.
